## **Handsfree Solution Information**

The new Handsfree solution supports all Cello voice features and introduces several improvements, including the following:

- One connector (instead of three connectors and the power wire) for easier installation.
- 10W speaker compared to 5W in the previous model.
- Voice circuit with optimal matching with the Cello modem and speaker for significant improvements to voice volume and quality.
- Built-in noise filter for improved immunity to vehicle noise.

Due to the change in the Handsfree module connector, a new 711-00337 Full Installation Harness and 711-00330 Vehicle Simulator Harness have been prepared to support the new Handsfree module.

## **Sales, Services and Support**

Cellocator has already started shipping the new Handsfree kit, Full Installation Harness and Vehicle Simulator Harness.

According to Cellocator policy, the End of Customer Support Date for the replaced products will be five years from shipment date.

## **Customer Preparations**

In order to be prepared for the new Handsfree kit you are invited to order samples for evaluation. Please contact your Sales Personnel for more details.

For pricing and delivery information, please contact your appropriate Sales Manager.

Should you have any questions regarding this PCN or the Handsfree solution, you are more than welcome to contact the Product Management department or your appropriate Sales Manager.
