

Greetings! ,

**PCN No.** 0133

**PCN Type:** New Product and EOL Announcement

**Product:** Cello Family (Cello-IQ and Cello-CANiQ)

**Date:** December 12, 2017

## Change Notification Description

Cellocator is proud to announce the upcoming Cello Generation 3 Family, which replaces the existing Cello Generation 2 Family. Cello Gen 3 provides also new Cello-CANiQ variants supporting K-Line.

Replaced Products		Replacing Products	
Part Number	Product Name	Part Number	Product Name
CT7800122-000	CELLO-IQ	CT7800123-000	CELLO-IQ
CT7800130-000	CELLO-CANiQ	CT7800137-000	CELLO CANiQ
-	-	CT7800136-000	CELLO-CANiQ (K-Line)
CT7800140-000	CELLO-CANiQ 3G NA	CT7800145-000	CELLO-CANiQ 3G NA
-	-	CT7800148-000	CELLO-CANiQ 3G NA (K-Line)
CT7800150-000	CELLO-CANiQ 3G EU	CT7800151-000	CELLO-CANiQ 3G EU
-	-	CT7800153-000	CELLO-CANiQ 3G EU (K-Line)

## Change Information

The Cello Gen 3 is fully backward-compatible (except Pin 8 configuration) with the Cello Gen 2

and introduces several advantages, including the following:

- Pin #8 of the Cello-CANiQ is configured by default as Siren global output instead of DTCO D8, which is the default configuration of Gen 2. HW variants supporting DTCO D8 can be produced upon request.
- Some of the Cello HW variants support the K-Line interface on Pin #8 instead of Siren global output. The K-Line interface and CAN interface work in parallel.
- 2G variants support the PointerCept system.
- A new nice looking enclosure, implementing gathered market requirements, helping customers visually distinguish between the Cello Gen 2 and Cello Gen 3, is provided as well.

Cello Gen 2 units will be supported by future FW versions for a one year period starting from this announcement.

## Sales, Services and Support

Cellocator will start shipping Cello Gen 3 units, in addition to the Cello Gen 2 units, in Q1-2018. The transition will be complete when the stock of the Cello Gen 2 units will run out, which is expected on April 1, 2018. Customers may receive either product through the transition period.

According to Cellocator policy, the End of Service (RMA) Date of the Cello Gen 2 units will be 3 years from shipment date and End of Customer Support Date will be 5 years from shipment date.

## Customer Preparations

Customers who use the Cello Family products should start considering the transition process to the Cello Gen 3 upon receiving this announcement.

In order to be prepared for the Cello Gen 3 you are invited to order samples for evaluation. Please contact your sales manager for more details.

Customers who require Homologation approval are advised to complete the Homologation process before the end of the transition period.

For pricing and delivery information, please contact your appropriate sales manager.

Should you have any questions regarding this PCN, you are more than welcome to contact the product management department or your appropriate sales manager.

Kind Regards,

Natan Degani
